

Georgie Hemingway

A lifelong equestrian, first taking up the reins at the age of 5 and from then on, the passion to ride, care for and compete horses and ponies grew, beginning with the purchase of my beloved Ike, an unbroken Welsh x Arab pony at age of 10 and in a few short months went on to compete in Hunter Paces, ODE's and our favourite phase – dressage. This later led onto the ownership of an appaloosa eventer who had an amazing but cheeky character and the love for X-Country took over.

Currently volunteering with Strathisla Riding Club as Vice Chair and loving helping members, both new and old, feel the joy I felt growing up through riding club activities and comradery. I'm also a competing member of Moray Riding Club and love attending the Area 22 Residential Camps.

I have applied to take up the role of Area Representative as I actively want to ensure all clubs achieve the equally high levels of engagement and support for their members from the wider society and therefore boost membership numbers satisfaction. My aim is to ensure all information and assistance is cascaded through BRC, Clubs and their subsequent members through engaging with the BRC team to review and improve the activities they support within Area 22.
