

Teresa Cuthill

My name is Teresa Cuthill and I live in Aboyne. I've been involved with horses since I was 9 years old. I own two horses of my own and enjoy getting out to training and competing in competitions at local level.

In the past, I have competed in all disciplines at unaffiliated level and have represented Findon Riding Club at Area Qualifiers in show jumping, dressage and riding test. I currently compete one of my horses at unaffiliated Novice dressage and hope to do some Elementary tests this year and perhaps try affiliated competition. I am just getting back into jumping following surgery for an injury to my knee.

I have been involved with riding clubs for many years in one way or another by helping to organise competitions, training and being the main point of contact for members who wish to take part in Area Qualifiers this also includes checking passports, eligibility for competition and preparing teams for each discipline. I have been the Treasurer and Membership Secretary for Findon Riding Club for the last 4 years. In February 2016 I attended BRC Official Stewards Training for which I intend to complete my probation for this year. Our club is very proactive in encouraging new membership and advocating grassroots.

I have applied for the position of Area 22 Representative as I believe I will be efficient, knowledgeable and helpful and at the same time keeping myself impartial and dealing with all matters that arise in the appropriate manner.
